HOME REPAIR HELP

Homeowner Information Form

How to fill this in

Type in the boxes and click the circles. If you are not sure of an answer, choose "Not sure" or leave it blank. That is fine: nothing is ruled out because an answer is missing.

When you are done, save the file (File, then Save). Please do not use "Print to PDF": it erases the answers.

You can also print this form and fill it in by pen.
